REPORT OF SUPERINTENDENT

To the Pelham School Board:

I herewith submit my third annual report on the condition of your school.

This past year has been very successful as far as the education of your children is concerned. The teachers who remained with us from the preceding year are continuing to show the same fine professional spirit and interest in the youth of Pelham. The two teachers new to our school are proving to be very capable and make a welcome addition to our staff. The morale among the teachers is very high. This is due to excellent leadership shown by your new principal, Mr. Herbert Currier, as well as the understanding and co-operation of the School Board and Parents.

It has been felt for some time that in addition to obtaining a strong foundation in the "three R's" the pupils also needed more training in citizenship, sportsmanship and social living. The playground, corridors, cafeteria and wherever else the children are together becomes the "class-room." The teachers have worked hard on this goal and much progress can be seen. Because of the fact that the teachers are trying to take advantage of every opportunity that arises to give this training, I am certain that your children will be better able to meet the complex problems they must face when they leave your school.

Individuals and organizations can and have contributed much to the school. The bequest of Miss Fannie Clement is an example of the interest people have shown in the Pelham Schools for many years. The Grange has shown its continued interest by making available the State sponsored flourine treatment. The P. T. A. is always ready to do whatever it can to help. Many people have shown an active interest in the hot lunch program and other activities of the school, while one person gave a scholarship in the form of transportation aid so that worthy high school students could continue in school. Through the efforts of the people and organizations it has been possible to enrich the offerings of the school much more than we could hope to do or afford to do through money raised by taxation alone.

It has been a real pleasure serving the School Board and Parents. I have received nothing but the most wholehearted cooperation from all concerned with the problems of the school and am confident that as long as this fine feeling exists good education for all the children of Pelham will be assured.

Respectfully,

HENRY J. HASTINGS,
Superintendent of Schools.

REPORT OF SCHOOL NURSE

Pelham, New Hampshire

February 1, 1952

*To the Superintendent of Schools, the School Board and the
Citizens of the Town of Pelham:*

I herewith submit my annual report as School Nurse, from
September 1, 1950 to September 1, 1951:

Number of pupils examined (3 examinations)	600
Number of pupils having defective vision	21
Number of pupils having defective hearing	2
Number of pupils having defective tonsils	23
Number of pupils having defective permanent teeth	31
Number of pupils having defective speech	3
Number of pupils having ringworm	1
Number of pupils having chicken pox	15
Number of pupils having measles	2
Number of pupils having scarlet fever	2
Number of pupils having pediculosis	3
Number of home visits	77
Number of school visits	393

On December 4, 1950 our school lunch program started with one paid worker, two volunteer helpers, daily, and the children themselves giving some help. A well balanced meal was served for \$1.00 per week and the program was well patronized. This was a dream of Pelham parents for years, which now has materialized and we all hope will continue.

In March, Mrs. Irene Birchall, R. N., the T. B. nurse from Nashua, and I put the patch test on 66 pupils of the 1st, 7th, and 8th grades and we had 5 reactors, who were taken to Nashua for chest X-Rays. These X-Rays showed no active cases of T. B.

I would like to thank Mr. Hastings, the School Board, the teachers and all the parents for their cooperation in the past and hope they will continue this in the future.

Respectfully submitted,

ANNA M. HORSKIN,
School Nurse.
